Index performance data prior to launch dates are based on backtesting, i.e., calculations of how the index might have performed prior to launch if it had existed using the same index methodology employed by Dow Jones today. Backtested performance information is purely hypothetical and is provided in this document solely for informational purposes. Backtested performance does not represent actual performance and should not be interpreted as an indication of actual performance. Past performance is not indicative of future results. See the disclaimer at the end of this document for the launch dates of the individual indexes.

Global Industry Indexes
